REFRAME YOUR REALITY
2021 PROSPECTUS
At UA92 we have a range of courses on offer, no matter what your background. Here’s our guide to what level of study could be right for you.

**ARE YOU READY TO UNLOCK YOUR GREATNESS?**
For more information email admissions@UA92.ac.uk.

---

**UNDERGRADUATE DEGREES**
A full-time undergraduate degree typically spans three years. Our academic year structure (see pages 18-19) means you will study one module at a time, completing four blocks during the year.
You will benefit from knowing if you are an AM or PM student from the start of your studies.
Course duration: 3 years.
Entry criteria: 104 UCAS points or equivalent.

**CERTIFICATE OF HIGHER EDUCATION**
Designed for learners who either want to study for a full degree but haven’t yet met the entry requirements or do not want to commit to a full degree programme.
Upon completion you will receive a Certificate of Higher Education: a level four undergraduate qualification equivalent to the first year of a degree. A student registering for a Certificate of Higher Education can still complete a degree within three years.
You will study at the same pace as a full-time undergraduate degree student. Be sure to view our academic year structure and timetable on pages 18-19 and 20-21.
Course duration: 1 year (part-time available).
Entry criteria: 64 UCAS points or equivalent.

**ACCELERATED DEGREES**
Accelerated degrees at UA92 allow you to study full-time for an undergraduate degree in two years so that you are ready to enter full-time employment sooner.
You will study six blocks each year and have shorter breaks than those on the three-year degree programmes so you can complete your studies in two years.
For the latest information about the study modes available at UA92, visit UA92.ac.uk/courses.

**PART-TIME STUDY OPTIONS**
Part-time study provides the opportunity for those wanting to return to education or fill a degree around other commitments such as a career. Visit page 33 to view the degree subjects available in this study mode.
You will study on campus on Wednesdays across a four-year period.
Course duration: Cert HE – 16 months.
Undergraduate degree – 4 years.
Entry criteria: 104 UCAS points or equivalent.

**ACCESS TO HIGHER EDUCATION**
Our Access to HE courses in collaboration with The Trafford College Group are specifically designed to prepare mature students for university-level study. Successful completion can lead to a place on any of the UA92 degree courses awarded by Lancaster University.
Course duration: 10 months.
Entry criteria: GCSE English and Maths grade C/4 or above.

The UA92 prospectus is prepared far in advance of the academic year to which it relates to help potential students and other interested parties research potential higher education providers and courses in good time. The University of Arts and Commerce (UA92) will use reasonable endeavours to deliver the course in accordance with the description appearing in the UA92 prospectus for the academic year to which it relates. However, details of the course may be subject to change. UA92 reserves the right to change the content of a course or its delivery methods without notice if it is necessary to comply with the requirements of professional accrediting bodies or to keep courses contemporary through updating practices or as a result of student feedback. The latest information on UA92 courses can be accessed at UA92.ac.uk/courses.
AT UA92 WE BELIEVE THAT SUCCESS IS DOWN TO MORE THAN LUCK AND TALENT. IT’S ABOUT WORKING HARD TO BE YOUR BEST SELF. STRIVING TO ACHIEVE YOUR DREAMS. AND NEVER GIVING UP UNTIL YOU’VE MADE IT.

Gary Neville
Co-Founder, UA92.

Top quality learning is assured as you study for a degree in your chosen discipline, awarded by Lancaster University. However, the UA92 experience is about much more than an academic qualification – it’s preparation for life. You’ll embark on a personal development journey to forge your character, challenging and supporting you in equal measure and preparing you to reach your full potential.

We understand that students often need to combine study with other commitments such as work, caring responsibilities or other passions. That’s why you’ll have a straightforward and stable timetable, designed to make your time on campus as efficient as possible, together with a digital learning environment to support your learning outside formal classes, at times that suit you.

Our unique partnerships bring experience, passion, industry contacts and academic credibility, all with a strong work ethic, tenacity and a spirit of never giving up – this is our formula for unlocking your greatness.

Enjoy reading this prospectus and I hope it motivates you to find out more, to visit us at our new campus and to apply to study with us. I wish you every success in your own personal development and learning journey, wherever that takes you.

Professor Craig Gaskell
Principal and CEO, UA92.
The UA92 Difference

We offer an immersive education that works for people with big ambitions and real lives to juggle. Here’s how…

Focus on your character and personal development

Every student has their own personal development coach who they meet with regularly.

Focused learning

Study one module at a time

No traditional end-of-year exams

Assessment is included in each focused module - you learn it, then prove it.

Study in the morning or the afternoon

To enable you to fit your life around your studies (full-time undergraduate degree and Cert HE only).

Start in September, November or January

Full-time undergraduate degree and Cert HE only. Start dates for other study modes can be found on our website.

Make your Wednesdays count

Wednesdays are for remote or online learning, extra support on campus or additional development opportunities.

The best things about studying at UA92 are the timetable structure, the size of the institution and the effort made to keep students happy.

The unique combination of our co-founders and industry partners makes UA92 game-changing.

Unlock your greatness at www.UA92.ac.uk

The Class of 92 - which includes UA92 co-founders, Gary and Phil Neville, Ryan Giggs, Paul Scholes and Nicky Butt - were at the heart of the most successful Premier League football team of all time, Manchester United, under one of the most inspiring and influential managers, Sir Alex Ferguson.

Since hanging up their boots, they’ve built business empires and taken ownership of Salford City Football Club and the Non-League team that they played for. Over the years, they have continued to work closely with Manchester United as directors, coaches and ambassadors, and as individuals, they have become involved in property developments, hotel developments and marketing, among other areas. They’ve also developed a number of other business interests, including the launch of the Class of 92 Foundation and the Class of 92 Development Trust, which helps young people in Salford.

For the group, UA92 is about supporting the talent of the future. They believe we are all talented in different ways and more needs to be done to nurture that talent to prepare for successful careers and fulfilling lives. The famous five wanted to base UA92 on the principles that influenced their success at Manchester United, with one of the greatest leaders of all time. These have formed the founding principles of UA92 and underpin the philosophy as well as shaping the UA92 experience. They are an active part of the UA92 team and often deliver sessions to our students. Don’t be surprised if you bump into them when you’re on campus.
Since its creation in 1964, Lancaster University has been at the forefront of academic excellence. Founded on the principles that the growth of higher education would lead to the extension of education to all, Lancaster University is socially inclusive and high-ranking.

Named as The Times and Sunday Times International University of the Year 2020, Lancaster’s vision as a globally significant university is to transform people’s lives and society through the quality of its research and teaching.

Top 10 in all three national league tables, Lancaster is recognised as one of the UK’s leading universities. Degrees studied at UA92 will be awarded by Lancaster University, meaning your degree will be highly regarded. Lancaster’s ethos of innovation, accessibility and employability means that it is a perfect partner for UA92.

As co-founders of UA92, Lancaster University play a huge role in the academic rigour we provide to our students. Successful completion of your studies at UA92 will mean you’re awarded with a renowned Lancaster University degree certificate, although you’ll have studied via UA92’s distinctive approach.
AN EDUCATION THAT’S CO-DESIGNED WITH INDUSTRY LEADERS

We pride ourselves on working with industry leaders to make sure the skills you develop are inspired by real business needs and therefore support you in getting ahead in the world of work.

Leading industry partners have teamed up with UA92 to develop the future talent they’re hoping to employ.

Our partners are integral to the UA92 experience, they co-develop our curriculum, offer placements, industry insight days, guest lectures and masterclasses. While some offer part-time work and scholarships to UA92 students.

OUR EDUCATIONAL APPROACH

We put character and personal development at the core of your learning experience with a strong emphasis on work ethic. You’ll develop your resilience, alongside your ability to solve problems and face challenges.

As a reflective learner, you’ll take positive learning even when things don’t go to plan. Your communication skills will be developed to engage and influence at different levels, one-to-one, in small groups, or with large audiences. You’ll learn to respect the views and perspectives of others in a complex, global and digital world. You’ll grow as a team player and collaborator and develop your confidence and leadership skills.

A significant amount of your time will be spent focusing on your chosen subject. Here you will study topics in depth, often working in small groups with academic experts or advanced practitioners. Study of underlying theory will be complemented with practical and project work as well as industry insight days. Placement opportunities will also help you gain a better understanding of the professional work environment.

By combining academic development with a core of character and personal development, you will be prepared for lifelong learning, whether progressing to further study at postgraduate level, establishing your career, or through life in general.

For more information on how you will study, go to pages 18-19 to view our academic year structure.

ABOUT UA92
OUR DISTINCTIVE TARGET TALENT CURRICULUM
You will develop academically, studying a range of topics in depth in your chosen subject area. However, character and personal development, including preparation for employment, are embedded through the Target Talent Curriculum.

The Target Talent Curriculum is an integral part of your degree, and will develop your cognitive, emotional and social intelligence, your understanding of physical and mental well-being, and your preparedness for employment. This will be through studying a range of Target Talent Curriculum themes, by engaging and reflecting on work placements and industry insight days, and via regular support from your Personal Development Coach. This approach is designed to put you in the best possible place for your university-level studies and to prepare you for a strong career trajectory after graduation.

TARGET TALENT CURRICULUM THEMES
The Target Talent Curriculum themes are developed through specific modules and embedded activities within subject modules. Both projects and placements form an integral part of the Target Talent Curriculum, ensuring that learning has industry input at its core.

**YOUR WEEKLY TIMETABLE**

Our straightforward and stable weekly timetable allows you to plan life around your studies.

**THE KEY DETAILS**

- Your timetable of compulsory classes will be straightforward. You will either be a ‘morning student’ in class 9am until 1pm or an ‘afternoon student’, in class 2pm until 6pm, each weekday (except Wednesdays).
- Your timetable will remain fixed throughout your studies to make it easier to organise your life while you’re a student.
- Attending campus on Wednesdays won’t be compulsory, but you will have remote and/or online learning activities to engage with fully, as part of your course.
- Wednesdays also provide opportunities to get extra support or do voluntary work, play for one of our sports teams or additional personal development and career enhancement activities.

*Excludes part-time and Access to Higher Education programmes.

INTERNATIONAL STUDENTS

AT UA92, WE WARMLY WELCOME STUDENTS FROM AROUND THE GLOBE.

Our programmes are designed to prepare you to live, work and to be a success anywhere in the world, and our international students are integral to our growing community at UA92. Our small classes and hands-on teaching style will help you to develop networks and lifelong friendships with students of different nationalities and backgrounds.

STUDYING YOUR DEGREE WITH UA92

At UA92, all of our undergraduate degrees have the same minimum entry tariff, 104 UCAS points. To view the list of international qualification equivalents, visit UA92.ac.uk/global. If you don’t have appropriate qualifications, you may be able to join a Foundation Programme.

ENGLISH LANGUAGE REQUIREMENTS

If your first language isn’t English, you may be asked for a recognised English language qualification – you’ll need to communicate well, verbally and in writing, to make the most of your time here. We look for an IELTS score of 6.0 or equivalent. We also recognise a range of English language tests and qualifications which are recognised by the UK Home Office as secure English Language Tests (SELT). To view our list of recognised English Language Tests, visit UA92.ac.uk/global.

ENGLISH, PRE-SESSIONAL AND PATHWAY PROGRAMMES

To help you get the most out of your UA92 experience, we can recommend a number of providers to ensure you have the best quality preparation for your degree course – please get in touch for more information at hello.global@UA92.ac.uk.

WHAT ABOUT VISAS?

International students studying with UA92 will be sponsored by Lancaster University under its Tier 4 sponsorship licence (O28BF7XXX). We understand that applying for a degree abroad is a big step, so we have a dedicated Admissions Team to help guide you through the process. Alternatively, you can do it by yourself or use one of our country representatives to help you. Please get in touch with us if you would like details of a representative near you.

APPLYING TO UA92 AS AN INTERNATIONAL STUDENT

You can choose to begin your studies in September, November or January. Applicants starting in September should apply through UCAS. If you are applying for November or January, you can apply directly by emailing admissions@UA92.ac.uk for an application form.

A NEW FRIENDLY CAMPUS

Our new campus opened its doors in 2019 - a modern environment with a friendly atmosphere, it’s the perfect home for your student life at UA92.

The campus is easily reachable by public transport, we have the Old Trafford tram stop just a few yards from the campus, which can take you to Manchester city centre, and all it has to offer, it just over 10 minutes.

Our accessible campus is complete with purpose-built spaces to offer a variety of learning environments equipped with contemporary technology to enhance the way you learn. Microsoft, one of our industry partners, have their own space in the building too, so we’re in good company.

There is plenty of space for quiet study and group work. When you need brain food our on-site café, Takk, is stocked with drinks, snacks and meals to see you through the day. While the student helpdesk, located at reception, is the one-stop-shop for getting your queries answered.

UA92 prides itself on being a digital campus for 21st century learning. Laptops are available for our students to loan and you can also access our flexible digital lab. Collaboration and communication is encouraged through our online learning space, Microsoft Teams. This allows our students to contribute to class discussions, plan social events and contact tutors.

The campus is new with modern facilities and some incredible teaching spaces. I particularly love using the breakout spaces for group work.

SPORT AT UA92

There’s no denying that Manchester and Old Trafford are entrenched in sporting greatness.

With world-class sporting venues in the shape of Manchester United’s home, ‘The Theatre of Dreams,’ where our co-founders are considered legends, and Emirates Old Trafford Cricket Ground just next door, we’re certainly in good company. Together with rivals Manchester City, we are a city bustling with football greatness. Salford City Football Club and the National Football Museum call Greater Manchester home and are within easy reach of our campus, but there is of course much more to Manchester’s sporting offer than football alone. This great city is also home to the national centres of excellence for cycling, gymnastics, squash and taekwondo, with rugby league soon to join them. These facilities provide UA92 students with the possibility to enjoy sport in some of the best venues in the world, with many also offering volunteering and paid work opportunities alongside your studies and long-term graduate careers.

Our timetable for full-time undergraduate degrees doesn’t require students to be on campus on Wednesdays, a time which many of our students choose to play sport. Our fixed timetable means that afternoon students know they can always make that morning swim, while morning students know they will always be free for netball practice in the afternoon: the choice is yours. UA92 already has sporting teams competing in local leagues and we will have a number of teams competing in British Universities and Colleges Sport leagues from September 2020. If we don’t already have a team in your sport, or you compete in an individual sport, we will support you in pursuing your sporting ambition.

REASONS TO LOVE MANCHESTER

The best city in the world? We think so. There’s so much to do in Greater Manchester, here are some of our students’ top picks.

AMAZING ARTS & CULTURE

You’ll be spoilt for choice when it comes to arts and culture, there are a host of art galleries and museums as well as the iconic Central and John Rylands libraries. Be inspired by artists, enjoy artefacts from around the globe and understand the rich history of a city that grew out of industrial innovation.

SUPERB SHOPPING & TASTY PLACES TO EAT

Manchester is renowned for its style and shopping. Choose to shop in the city centre or the impressive Trafford Centre - the UK’s second largest indoor shopping centre, just 15 minutes from the campus. The vibrant Northern Quarter offers vintage boutiques, design studios and quirky cafes for you to enjoy.

NIGHTLIFE & MUSIC

Oasis, Take That, The Courteeners, Bugzy Malone, Blossoms, The Stone Roses and The 1975. Yes, we’re name-dropping. But many of the UK’s ‘best’ musicians and bands have originated from Manchester. There’s always something new to discover, there are numerous venues and festivals across the city.

BRIGHT PROSPECTS & EMPLOYMENT GROWTH

MediaCityUK is the largest purpose-built media location in Europe, home to over 8,000 digital and creative businesses. The internationally-renowned Manchester Science Partnerships is home to over 170 companies in the life science, biotechnology, ICT, digital and creative sectors.

If we don’t already have a team in your sport, or you compete in an individual sport, we will support you in pursuing your sporting ambition.
MORE THAN A DEGREE: THIS IS PREPARATION FOR LIFE

UA92 is a game-changing higher education experience located in Manchester. Join us for a personal development journey that will forge your character, and equip you with the foundation to achieve your goals.

This, coupled with our distinctive academic model, helps you balance education and life. This is our formula for unlocking your greatness.

Digital technologies continue to develop at pace along with their potential to impact business and society. Graduates with a deep understanding of these technologies, along with the ability to develop robust software solutions in the modern digital world, are in high demand. Study of Computer Science can be the gateway to a wide range of fulfilling careers, in different contexts around the globe.

ABOUT THE COURSE

Our Computer Science degree has been co-designed with a range of industry partners and subject specialists. It prepares graduates to operate as knowledgeable, highly skilled and reflective professionals in this exciting and fast-changing field. Core theoretical concepts are contextualised by practical and project work, along with reference to application domains that relate theory to practice.

There is a strong emphasis on software development early on, ensuring students have a robust understanding of programming as a foundation. In addition to technical aspects, an appreciation of the human and organisational elements, along with key legal, social, ethical and professional issues will be studied. Students will also develop communication and collaboration skills, which will enable them to communicate complex concepts to both technical and non-technical audiences, and work collaboratively with interdisciplinary teams.

UA92 provides you with more than just a degree, we aim to prepare you for life. Through the UA92 Curriculum you will study a series of academic subject modules and will develop your personal character through our unique Target Talent Curriculum.

Law degrees are widely recognised as providing a valuable array of knowledge, skills and competencies that are highly valued by employers. Should you wish to pursue a career outside of the law, following graduation, this degree will serve as a solid foundation for future personal and educational development.

ABOUT THE COURSE

The degree covers the seven foundations of legal knowledge which are necessary for those who wish to complete the academic stage of training for a career at the Bar and also provides a foundation for those planning to go on and qualify as solicitors. It may also serve as the basis for qualification in a number of other jurisdictions around the world that recognise the English law degree as an element of legal training.

UA92 provides you with more than just a degree, we aim to prepare you for life. Through the UA92 Curriculum you will study a series of academic subject modules and will develop your personal character through our unique Target Talent Curriculum.

What does it mean to be a journalist today? In a world where a smartphone is all you need to break a story, what sets the good and the great apart? How do you start? You will explore the rapidly changing practices and possibilities of journalism within the wider context of contemporary media industries and digital technologies.

ABOUT THE COURSE

Journalism offers a challenging programme of study designed to develop your critical and theoretical understanding of contemporary journalism (print, broadcast, online and citizen). You will foster a range of practical journalistic skills and competencies using current commercial and open source technologies and platforms. During your course you will consider the rapidly changing practices of journalism within the wider context of contemporary media industries and digital technologies.

You will explore a range of theories and develop practical experience and expertise with respect to a variety of essential professional skills and technical competencies. This is a course for the bold, the brave and the curious: sharp, passionate, questioning minds who’ll shape our perspectives tomorrow.

UA92 provides you with more than just a degree, we aim to prepare you for life. Through the UA92 Curriculum you will study a series of academic subject modules and will develop your personal character through our unique Target Talent Curriculum.

We live in an ever-changing, media saturated world. From advertisements to political messages and marketing campaigns, every day we produce and consume hundreds – sometimes thousands – of messages. Together these messages express our understanding of ourselves, shape our relationships with others, and help us make sense of everyday events and experiences.

ABOUT THE COURSE

You will be challenged to think critically about various media forms and platforms as sources of information and ideology, as producers of entertainment and distraction, and modes of power and persuasion. You will explore the politics and economics of global media industries and how they influence and impact upon our everyday lives.

You will develop an extensive knowledge of the production and consumption of contemporary media to support your own practical media work. You will also master various digital media technologies and techniques. This may include: studio practice; audio-visual equipment; working with still and moving images; sound recording and mixing; textual production; blogging, contemporary social media; apps and adverts; gaming and game design.

Working individually and in teams, you will create a number of media products from videos to mash-ups, montages to mixes, from adverts to artworks.

UA92 provides you with more than just a degree, we aim to prepare you for life. Through the UA92 Curriculum you will study a series of academic subject modules and will develop your personal character through our unique Target Talent Curriculum.
This course will help you to inspire a passion for movement and exercise in others. You’ll gain the skills and confidence to take on a range of sporting roles. Whether you dream of becoming a mentor to young people who aim for professional sporting careers, a life-support to adults who want to get physically active, or making exercise accessible, this is the course for you.

ABOUT THE COURSE

During your Physical Education degree you will develop a thorough understanding of how the human body works during exercise and sporting activity. Your course focuses on human performance and exercise in relation to:

- Human responses and adaptations to sport and exercise;
- The performance of sport and exercise and its enhancement, monitoring and analysis;
- Health-related and disease management aspects of exercise and physical activity.

You will discover how you can inspire others to embrace sport and fitness by making healthy choices, and also learn how to teach and mentor the next generation of athletes. You will learn skills to work with adults to re-engage them with healthy living, activity, physical fitness and well-being.

UA92 provides you with more than just a degree, we aim to prepare you for life. Through the UA92 Curriculum you will study a series of academic subject modules and will develop your personal character through our unique Target Talent Curriculum.

PUBLIC HEALTH AND WELL-BEING

BSc (HONS)

Our Public Health and Well-being course equips graduates with a multidisciplinary skill base allowing them to adapt to the challenges of health for both individuals and populations in a changing society, and function seamlessly in today’s modern workforce.

ABOUT THE COURSE

An appreciation of people and organisations, along with key legal, social, ethical and professional issues will be studied in context. You will develop strong communication skills enabling you to communicate complex concepts to both technical and non-technical audiences. Early in the programme there will be a focus on human anatomy and physiology to support health, the key concepts of public health, psychological and sociological perspectives on health and well-being, public health ethics and policy and population health.

As you progress through the course you will expand your knowledge of the physiology of human activity, exercise assessment and prescription, mental health and well-being, and start to understand the application of health promotion and protection and community public health.

In your final year, you will develop research and critical thinking skills to prepare you to operate reflectively. You will continuously develop professionally, exploring the contemporary issues of public health and well-being, epidemiology and global health. You will also explore leadership skills before finally undertaking a research project.

UA92 provides you with more than just a degree, we aim to prepare you for life. Through the UA92 Curriculum you will study a series of academic subject modules and will develop your personal character through our unique Target Talent Curriculum.

Everyone needs a little extra support from time to time, and at UA92, you will always have someone to turn to. We offer specialist guidance covering everything from your academic progress to your personal development and well-being. Whatever you need, just ask. We’ve got your back.

ACADEMIC SUPPORT AND GUIDANCE
Throughout your studies, your Academic Tutors and the UA92 Student Support and Well-being Team are here for you with support and guidance whenever you need it.

PERSONAL DEVELOPMENT COACHES
Every UA92 student will have a Personal Development Coach. Your Coach will work with you during your time at UA92 and support you to maximise your personal and professional development potential.

SUPPORT THROUGH MICROSOFT TEAMS
Microsoft Teams enables support and guidance from Tutors and the well-being service through a messaging feature. So even if you are not on campus you can access any help you may need.

IF YOU WOULD LIKE TO DISCUSS STUDENT SUPPORT AT UA92, EMAIL INCLUSIVESUPPORT@UA92.AC.UK.

WELL-BEING, COUNSELLING AND MENTAL HEALTH
Studying for a higher education qualification is an exciting time – it can be challenging too, but you can be sure there’s always help on hand at UA92. Approachable and understanding, our Student Support and Well-being Team are here when you need advice, guidance, or just to talk through how you’re feeling. We want to set you up for success and will be here to help you overcome life’s challenges along the way.

HEALTHCARE
We’re well served for healthcare in the local area, with GPs who welcome registration from UA92 students, as well as a dental clinic and pharmacy.

DISABLED SUPPORT AND INCLUSIVE CURRICULUM
We strive to provide an inclusive curriculum. Where appropriate, we will provide additional support for students with disabilities on all aspects of learning – including help with funding applications.
FEES, FINANCES AND PRACTICAL POINTERS

Choosing to continue your education is an exciting step, and an investment in your future. Though there’s help to manage the financial side of things – like student loans that you pay back when you’re earning – it’s a big decision, so here’s some help to choose wisely. This might be the first time you’ve managed your own money, so read on for a clearer picture of how much getting a higher education qualification at UA92 might cost.

HOW MUCH WILL A DEGREE AT UA92 COST?
The cost of studying for a UA92 degree is £13,770 per year, and you will be expected to pay 50 per cent before your course begins. For information on costs for other study modes, visit UA92.ac.uk/courses.

We will announce our fees for 2021 entry in detail at gov.uk/student-finance.

Though there’s help to manage the financial side of things – like student loans that you pay back when you’re earning – it’s a big decision, so here’s some help to choose wisely. ESTIMATED LIVING COSTS

Wondering about the cost of living? It depends on your lifestyle and your budget, but to give you an idea, we’ve put together an estimate of what UA92 life might look like financially. Here are the typical living costs for a student per week at UA92:

- Accommodation: £40-190
- Food and toiletries: £30-40
- Laundry: £5
- Mobile phone: £5-10
- Leisure activities: £20
- Essentials like insurance, a laptop or tablet.
- Savings, like buying only what you need from local markets to reduce your food costs, checking out the charity shops for funky vintage clothes and homeware, and getting active when it comes to transport – it’s easy and free to cycle if you bring your bike from home and our student accommodation is within easy walking distance. Socialising needn’t be expensive either. Many arts and cultural venues are free to access, while most cinemas, gig venues, theatres, pubs, clubs and restaurants do great student deals to help you stretch your loan too!

REDUCING YOUR COSTS

There are lots of ways to make simple savings, like buying only what you need from local markets to reduce your food costs, checking out the charity shops for funky vintage clothes and homeware, and getting active when it comes to transport – it’s easy and free to cycle if you bring your bike from home and our student accommodation is within easy walking distance. Socialising needn’t be expensive either. Many arts and cultural venues are free to access, while most cinemas, gig venues, theatres, pubs, clubs and restaurants do great student deals to help you stretch your loan too!

HOW TO PAY FOR YOUR DEGREE

Most students will choose to take out a student loan to cover the cost of their fees and help with living costs while studying. You can find out how student loans work in detail at gov.uk/student-finance. In line with the government threshold, you will only repay a student loan after you have left your course and have a job with a salary of more than £25,000 per year. The student finance website is filled with more details on this.

WHEN DO I PAY THIS BACK?

You don’t start paying the loan back until you’re working and earning over a set threshold, currently £25,000 – how much you pay depends on your salary.

HOW DO I APPLY FOR A STUDENT LOAN?

You can apply online at Student Finance England, gov.uk/student-finance. Applying is not dependent on an offer, so you can get a headstart on the process as soon as it opens for applications.

IS THERE A LOAN FOR LIVING COSTS AND ACCOMMODATION?

Eligible UK students can apply for a Maintenance Loan, again through Student Finance England, up to £8,700 a year for students living away from home to help with the costs of living. Repayment of this works in the same way as your tuition fees – they actually combine together into one sum so it’s easy to manage.

CAN I GET FINANCIAL ADVICE OR SUPPORT DURING MY TIME AT UA92?

We have a Student Support Team on campus to support you with budgeting and financial advice to help you manage your money whilst studying with us. What’s more, as part of our Target Talent Curriculum, you’ll learn about financial literacy.

IS THERE ANY OTHER FINANCIAL HELP AVAILABLE?

There are other government grants – financial support that you don’t have to pay back – these are normally available to help students with disabilities or dependants come to university. You can find out more about what’s available and access this support at gov.uk/student-finance.

CAN FEES CHANGE OR INCREASE?

We review tuition fees each year. For UK and EU students, if Parliament permits an increase in tuition fees, UA92 – along with other HEIs in England – may increase fees for each subsequent year of study. For international students, UA92 will fix the tuition fee for the duration of your course when studied continuously. For the most up to date information on our fees, visit UA92.ac.uk/study-with-us/fees-and-finance.

SCHOLARSHIPS AND BURSARIES

We offer a range of scholarships and bursaries, to find out more about the criteria and the latest information visit UA92.ac.uk.

Unlock your greatness at www.UA92.ac.uk
Applying for higher education can be daunting, but don't worry, we're here to help!

If you are at school or college, be sure to talk to your Careers Advisors and Teachers for help with your application. If you aren't in school or college you can still apply through UCAS just like everybody else. Here is our step-by-step guide on applying to UA92. You can also get in touch with our friendly Admissions Team by emailing admissions@UA92.ac.uk to help you through the process.

1. Apply to University Academy 92
   All UA92 applicants can apply through UCAS in the usual way. Start by registering your account at ucas.com/student to get your username and password.

2. Select your course
   Once you've registered, you can add your personal details into UCAS. Apply before choosing your courses and universities. You can make up to five choices and apply for a different course at each university or a number of courses at the same place.

3. Enter code
   To make UA92 one of your choices, you will need the following:
   - Course Code – See page 35
   - Institution Code – U01
   - Campus Name – UA92
   (Please note all UA92 degrees are awarded by Lancaster University but will be taught at the UA92 campus in Manchester).

4. Personal statement
   After completing the sections relating to your Education and Employment History, you will write a Personal Statement. We recommend completing this in Microsoft Word or similar before copying and pasting it into UCAS Apply. This is your chance to show us why you want to study at UA92, so be passionate!

5. Submit application
   After you have entered all your information, you can submit your application. It is then sent to UCAS to be processed before being forwarded to us at UA92.

HERE’S HOW TO FIND US

ON YOUR BIKE
Manchester is a Cycle City, and we hope you’ll consider getting on your bike when you visit or study with us. Transport for Greater Manchester offers some great resources for journey planning.

BY CAR
If you’re travelling by car using sat nav or Google Maps, use postcode M16 0PU.

TRAM
The Metrolink runs to Old Trafford tram stop, approximately 100 metres from the UA92 campus. To find times, rates and more information visit tfgm.com.

BUS
UA92 is well linked to several bus routes. Please visit tfgm.com for the latest timetables and route details.

COACH
We’re well connected to the rest of the UK by coach. National Express and Megabus depart from Manchester Central and the Shudehill interchange, both a short tram journey from the UA92 campus.

TRAIN
Manchester Piccadilly and Manchester Victoria train stations are both a short journey from the UA92 campus. For more information visit nationalrail.co.uk.

PLANE
Manchester Airport, approximately a 20 minute drive from the UA92 campus, welcomes around 27 million passengers every year – you can fly directly to Manchester from around 250 destinations. The airport is accessible via tram, train and bus.

TRAVELLING FAR
London is within easy reach of Manchester, and you can reach the capital by train in just over two hours.

ARE YOU UA92?

University Academy 92 and UA92 are trading names of University Academy 92 Limited, a company registered in England and Wales under the company number 11064939. Registered office: University House, Bailrigg, Lancaster LA1 4YW. Whilst every effort has been made to ensure the accuracy of the information supplied herein, UA92 cannot be held responsible for any errors or omissions.

The UA92 prospectus is prepared far in advance of the academic year to which it relates so that potential students and other interested parties can make their choice of higher education provision and courses in good time. UA92 will use reasonable endeavours to deliver the course in accordance with the description applied to it in UA92’s prospectus for the academic year to which you apply. However, the course may be subject to some change. UA92 courses are subject to ongoing review and development. Changes may be made in response to a wide variety of circumstances, including but not limited to changes in circumstances arising from national or institutional policy decisions, regulatory changes, market pressures or commercial considerations, including changes to the fee-breakdown in response to changes in government policy. Changes may also be necessary to comply with the requirements of professional accrediting bodies, changes to national subject benchmark statements (qaa.ac.uk/quality-code/subject-benchmark-statements) or to keep courses contemporary through updating practices or as a result of student feedback. The latest information on UA92 courses can be accessed at UA92.ac.uk/courses.

The Office for Students (OfS) is the new independent regulator for higher education in England. University Academy 92 (UA92) has applied to the OfS to become a registered provider of higher education and is currently awaiting a decision on the application.
