REWARDS AND BENEFITS

The Class of 92 have enjoyed some of the most successful careers in football. They met at Manchester United in the early 90s led by Sir Alex Ferguson and his drive to succeed. They pushed their club – and country – to reach new heights. Gary Neville, Ryan Giggs, Nicky Butt, Paul Scholes and Phil Neville all went on to excel in highly pressurised and challenging environments – and their attitude towards preparedness, motivation to dream big, and commitment to creating opportunity is recognised the

REWARDS AND BENEFITS

It's this drive and determination that inspired Gary to reimagine the idea of what a university should deliver to young people. That luck and talent would only get you so far, and that learned behaviours would prepare you for life, empowering you to achieve great things.

Gary wrote 10 founding principles on a piece of paper (and added the 11th when we launched) that would equip students to succeed in life, beyond a degree certificate. He felt that a good degree would only get you as far as the interview, but learned life skills and character development would secure you the job.

In practice it means that a degree from UA92 combines life skills with academic learning. At UA92 we believe that tenacity, preparedness, passion and hard work matter just as much as thinking and talent. Add commitment, inner fire and the right preparation, and you can compete at a level far beyond your inborn potential – delivering the presentation of a lifetime, performing in front of the camera, or chairing the board.

OUR VISION & PHILOSOPHY

OUR VISION: GAME-CHANGING LEADERS OF TOMORROW

We believe in giving our students the tools, challenges, support, and confidence to become their best selves. Alongside their academic studies, our students embark on a personal development journey to prepare them to reach their full potential and to get them ready for the world of work.

OUR PHILOSOPHY: UNLOCK YOUR GREATNESS

There's more to success than luck and talent. Tenacity, preparedness, passion, and hard work all play an equally important role. Whether it's delivering the presentation of a lifetime, performing in front of the camera or chairing the board, there's no doubt you can thrive with commitment, preparation, and a fire in your belly.
